PROPOSALS - DOUBLE STATIONS

12' (144") WORKSURFACE

GT-C2126P 12' (144")

Personalization of a Technician Workcenter has never been so easy. Follow the steps and you'll be able to configure your bays.

To complete the numbers

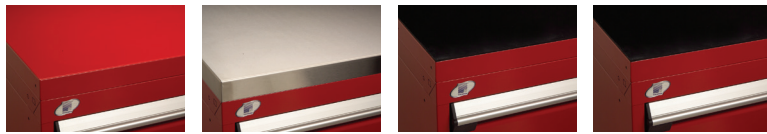

See page 5

Example:

The complete GT-C2126P unit presented to the left includes the following products:

- ① GT-W144M1P
- ④A GT-M144X2P
- ② GT-B144B01AC1K1P
- ⑤B GT-RCG720401P (2x)
- ③ GT-U144C31P

1 Type of Surface

GT-W14400P GT-W14400S GT-W144M1_ GT-W144M2_

The stainless and painted steel tops have a wood composite filler ensuring excellent impact resistance.

- The stainless steel top improves the appearance of the unit;
- The rubber mats are oil resistant and protect the worksurface (available for painted and stainless steel tops).
