SECURITY – FLEXIBILITY – EFFICIENCY

With the TekZone workstation hutch, you can create a personalized and organized workspace.

- The work area it provides is spacious and well lit. Each TekZone Hutch is equipped with an LED light with motion sensor so the workspace lights up as soon as you open the door.
- A wide range of accessories helps you to stay tidy by freeing up the work surface while keeping your essential tools close at hand.
- The ingenious door mechanism allows you to open and close the hutch easily, smoothly and safely. With the full-width handle, you can open the door with any hand position. The door is fitted with a lock to secure the contents of the hutch.
4 easy steps

You can quickly and easily configure your own layout in just four steps.
